- a. the kickball diamond is a square with equal sides of 60 feet or about 20 paces with a base at each corner;
- b. the distance from home plate to second base and from first base to third base is 84 feet 10 1/4 inches or about 28 paces. The distance between any base and home plate shall be measured from the back corner of each;
- c. the pitching strip is in the center of the diamond, 42 feet 5 1/8 inches or about 14 paces from home plate, and directly aligned with the 1st-3rd base diagonal;
- d. when available, cones are placed: at the outside corner of first, second, and third base, and not touching the base; on the foul lines 30 feet or about 10 paces behind first and third base; and on the sidelines 10' from home plate;
- e. The kicking area is behind the two cones aligned with the front of home plate. The area directly forward the kicking box is fair territory. A kick in front of the cones is a foul ball and regular foul ball rules apply. It is not a dead ball and can be caught by the opposing for an out. In the case of an out, the play is still live after the catch and the runners can advance
- f. The foul lines are fair territory.

1.02 All participants must respect and obey all rules and regulations pertaining to the field used for games.

1.03 An additional base, The Safety Base, will be set up adjacent to First Base to provide more room for the runner.

- a. The Safety Base must be touched by runners traveling from home plate
- b. Fielders trying to make an out on first base must touch the base in fair territory (the First Base).
- c. When a play is attempted at first base, a runner must always first tag the Safety Base before making an attempt to advance to further bases. Otherwise, the runner is out.
- d. If the runner determines they should attempt to advance to the next base, they may tag the 1st base in fair territory.
- e. Once a runner has reached first base safely the runner must start the next play on the First Base.
- f. No additional base may be used at any other base;
- g. The Runner is permitted to use the First Base if avoiding collision with a fielder in foul territory. In this event, the fielder in foul territory is permitted to tag the Safety Base.

7. PITCHING, CATCHING AND FIELDING

7.01 Balls must be pitched under-handed.

7.02 The pitcher must release the ball prior to crossing the plate on the pitchers mound.

7.03 The pitcher may not run more than halfway to home plate (crash the plate) before the ball is kicked.

7.04 Intentionally walking kickers is not allowed.

8. KICKING

8.01 All kicks must be made by foot or leg, below the knee. Any ball touched by the foot or leg below the knee is a kick.

8.02 All kicks must occur:

a. at or behind home plate. The kicker may step on home plate to kick, however no part of the planted foot may be in front of or cross the front edge of the home plate.

b. within the kicking area indicated by the cones that are aligned with the front of home plate.. The kicker must have at least a portion of the plant foot within the kicking area during the kick. The kicker may line up outside of the kicking area before they kick.

8.03 A double kick will be called as a foul ball.

9. RUNNING AND SCORING

9.01 Runners must stay within the baseline:

a. Runners may choose their path from one base to the next, and may follow a natural running arc;

b. Runners are free to change course to avoid interference with a fielder making a play;

9.02 Neither leading off base, nor stealing a base is allowed. A runner may advance once the ball is kicked.

9.03 Hitting a runner's neck or head with the ball is not allowed, except when the runner is sliding.

Any runner hit in the neck or head shall be considered safe at the base they were running toward when the ball hits the runner. If the runner intentionally uses the head or neck to block the ball, the runner is out.

9.04 A tag-up is a requirement to retouch or stay on a base until a kicked then caught ball is first touched by a fielder. After a tag-up a runner may advance. A runner failing to tag-up as required is out.

9.05 All ties will go to the runner. Runners traveling from home plate may overrun first base, and may only be tagged out if actively attempting to advance to second base. A runner who turns to the inside of the field of play after they have tagged the First Base is considered as actively attempting to advance to second base.

9.06 Base Running on Overthrows;

a. an overthrow is a ball thrown, kicked, or deflected into foul territory while making a defensive play towards player on first base;

b. a runner may advance only one base beyond the base the runner is on or running toward when the ball travels into foul territory;

c. one base on an overthrow is a restriction on the runner – not an automatic right for the runner to advance;

d. if any fielder attempts to make an out prior to returning the ball to the pitcher, runners may commence base running.

9.07 Running past another runner is not allowed. The passing runner is out.

9.08 A run scores when a runner touches home plate before the third out is made, EXCEPT that no run can score when the third out is made during a force play situation, or when the kicker is put out before touching first base. At the end of a game the team with the most runs wins.

9.09 When a base is displaced during play, any runner is safe while in contact with the base's original and correct location. All displaced bases should be restored at the end of each play.

10. STRIKES

10.01 A count of three (3) strikes is an out. 10.02 A strike is:

- b. a kicked ball first touching a fielder wholly in foul territory, while the ball is over foul territory
- c. a kicked ball landing in fair territory, but touching the ground in foul territory on its own at any time before crossing the 1st-3rd base diagonal (Diagram 3I, 3K);
- d. a kicked ball landing in fair territory, then entering foul territory before crossing the 1st-3rd base diagonal, and touching a fielder wholly in foul territory;
- e. a kick made on or above the knee;
- f. a kicked ball touched more than once or stopped in the kicking box by the kicker;

- c. a force out, being the tag by any part of a fielder's body of a base to which a runner is forced to run, before the runner arrives at the base, while the fielder has control of the ball. The ball may be touching the ground if the fielder displays full control of the ball while simultaneously tagging the base;
- d. a runner touched by the ball or who touches the ball at any time while not on base while

the ball is in play;

e. a tag of a base by any part of a fielder's body, while the fielder has control of the ball before the runner originating at that base can tag-up as required due to a caught ball;

f. a runner that passes another runner;

g. a runner who misses a base;

h. a runner who fails to properly tag up on a caught ball;

i. a runner touched by the ball while on a base they are forced to vacate by the kicker becoming a runner.

14. BALL IN PLAY

14.01 Once the pitcher has the ball in control and retains possession within 10 feet of the mound and the umpire calls time, the play ends.

Runners who are off base at this time and in forward motion may advance only one base. Runners who are off base at this time and not in forward motion must return to the base from which they were running.

14.02 During any play where a ball is popped or deflates significantly, that play shall be replayed with a properly inflated ball.

15. INJURY AND SUBSTITUTIONS

15.01 In cases of injury or illness, a time-out may be requested for participant removal and replacement with a teammate as a substitute. If the participant later returns to play, the participant must be inserted in the same written kicking order position previously held.

15.02 If a player is ejected, injured, or becomes ill and cannot continue, the written kicking order will continue in the same formation, less the removed player. There is no "automatic out" when the removed player's spot in the order is reached.

15.03 Injured players who do not kick shall not play in the game.

15.04 Only runners who are injured while traveling to a base, and who successfully make it to a base, may be substituted.
